Clemson University Department of Management

Assistant/Associate Professor - Operations Management

Candidates seeking appointment at the rank of assistant professor must have an earned doctorate (or anticipate completing all requirements for the doctorate by August 15, 2006) and potential for outstanding scholarly research and teaching. An appointment at the rank of associate professor will require an earned doctorate and evidence of scholarly achievement and teaching effectiveness. The search committee welcomes applications from individuals with diverse interests in operations and supply chain management, such as logistics, operations strategy, purchasing, and planning and control. Compensation will be highly competitive. Applications received by November 1, 2005 are assured full consideration.
