The graduate City & Regional Planning Program at Clemson University is seeking to fill a tenure track position at the assistant/associate level beginning August 15, 2006. Women and minority candidates are especially encouraged to apply. Review of materials will begin immediately and continue until a suitable candidate is identified. To be assured of consideration, complete application materials should be submitted by December 9, 2005.

The Program is seeking candidates with expertise in one or more of the following areas: planning practice and administration, economic development, metropolitan/urban systems in the context of urban sprawl research, or urban design/physical planning. Prefer candidates with GIS and spatial analysis capabilities. Preference will be given to applicants with a Ph.D. in Planning. Faculty will be expected to conduct extensive research and publication while contributing to the new Ph.D. in Environmental Design and Planning administered by the Department. The teaching load includes two courses per semester plus student thesis advising.

Applicants should submit a letter of application, curriculum vitae, and the names of three references with mail and e-mail addresses and telephone numbers to the Search Committee Chair: Dr. Jim London, Department of Planning and Landscape Architecture, PO Box 340511, Clemson University, Clemson, SC 29634-0511. (e-mail submissions via attached Word file to: kreva@clemson.edu). Salary will be competitive.

Clemson’s planning program is a PAB accredited master’s degree program with five full-time and five part-time faculty members—it was re-accredited in Fall 2003. Established in 1968, the program has over 440 alumni. The program usually has between 30 and 40 MCRP students. Faculty members are active in research and professional service. We have direct links to the SC chapter of APA and professionals in the state and region. The Department includes a Bachelor of Landscape Architecture, and three new Master's programs in Real Estate Development, Landscape Architecture, and Historic Preservation located in Charleston. Faculty have opportunities to work through the new Restoration Institute, the Center for Community Growth and Change, and the Center for Real Estate Development. Additional information about the department may be found at our web page: http://www.clemson.edu/caah/pla.
The Department also is involved in the direction of the South Carolina Design Arts Partnership, a partnership between the community and University, the South Carolina Arts Commission, and the Downtown Development Association.

The program is part of the College of Architecture, Arts and Humanities. The School of Design and Building includes the disciplines of planning, architecture, landscape architecture, construction science and management, historic preservation, and real estate development. The former dean of the college, James Barker, FAIA, is President of Clemson University. Dean Janice Schach, FASLA is a faculty member of the Department and is past president of the American Society of Landscape Architects.

Clemson University, the land-grant institution of South Carolina, is located mid-way between Atlanta and Charlotte within two hours from either city. Clemson (12,000 population) is at the rural edge of the Greenville-Spartanburg MSA of about 1 million population. South Carolina is the home of many historic communities such as Charleston and of two nationally prominent tourist destinations - Hilton Head Island and Myrtle Beach. Mountain, lake, river, and coastal environments in the region are plentiful with the University located at the foothills of the Blue Ridge Mountains and on the shore of Lake Hartwell.

About 17,000 students attend Clemson University. Clemson was named by Time Magazine as the outstanding public university for 2000-2001. Clemson has a goal of becoming ranked in the nation's top-20 public universities by 2010.

Clemson University is an Affirmative Action/Equal Employment Opportunity Employer.
