The Department of Industrial Engineering at Clemson University invites applications for a tenure track faculty position at the assistant professor rank beginning in August 2006. We seek an individual who is committed to helping the department and Clemson University continue growing in both size and standing. The successful candidate will have research interests in applied statistics, human factors, and operations research as well as the ability to direct this research in support of the University’s Academic Emphasis Areas of Automotive and Transportation Technology and Information and Communication Technology.

An earned doctorate in Industrial Engineering or a closely related field is required. The position involves contributing to the undergraduate and graduate teaching missions of the Department as well as supervising master’s and doctoral students. Candidates should also have the potential to develop and sustain an outstanding program of research and scholarship that includes consistent funding from governmental and industrial sponsors.

Clemson University is the land-grant university of South Carolina. It has been featured by Time Magazine as Public College of the Year in 2000 and Kiplinger’s Top Twenty, among Kaplan-Newsweek’s tops schools for education value, and recently tied for first place among non-historically black institutions for graduate black engineering students. The department offers the B.S., M.S. and Ph.D. degrees, has nine faculty members, and serves a full-time student body of approximately 160 undergraduates, 30 masters and 20 doctoral students. More information on all aspects of the department is available at http://www.ces.clemson.edu/ie. Applications should include a resume; narratives of research goals and teaching interests (one page each) including their relation to the emphasis areas above, and names and addresses of three references. Application materials should be sent to: D. L. Kimbler, Ph.D., P.E., 110 Freeman Hall, Department of Industrial Engineering, Clemson University, Clemson, SC 29634-0920. Electronic applications (Adobe PDF format only) may be emailed to kimbler@clemson.edu. Selection of candidates for campus interviews will begin December 1, 2005; recruitment will continue until the position is filled.

Clemson University is an AA/EEO employer and does not discriminate against any person or group on the basis of age, color, disability, gender, national origin, race, religion, sexual orientation, or veteran's status. We seek to build a culturally diverse faculty and actively seek application from female and minority candidates.
