SCHOOL OF MATERIALS SCIENCE AND ENGINEERING
CLEMSON UNIVERSITY

The School of Materials Science and Engineering (http://mse.clemson.edu/) is seeking applicants to fill one tenure-track faculty position to further enhance its research and teaching interests related to the synthesis, processing, and characterization of materials starting in the 2006-2007 academic year. Candidates with demonstrated interest and expertise in the synthesis and structure-property relationships of nanostructured materials, composite or electronic materials, or functional fibrous materials, as well as synthetic polymer chemistry and organic device systems, are especially encouraged to apply. The appointment may be at the assistant or associate level. Candidates will be expected to develop and teach undergraduate and graduate courses, as well as to establish and sustain strong research programs in their area of expertise.

Applicants at the Asst. Professor level must have a Ph.D. in Materials Science or related field with experience in teaching and research. Applicants for the advanced rank position must in addition have significant experience in their area of expertise. Applicants with industrial and/or international experience with documented teaching experience, female candidates and those from underrepresented groups are encouraged to apply.

The School of Materials Science and Engineering at Clemson University is one of the leading materials departments in the nation, with 19 faculty members, 104 undergraduate students, and 51 graduate students. Sponsored research expenditures of the School are over $4M per year. Clemson University is situated in the foothills of the Appalachian Mountains, mid-way between Atlanta, GA and Charlotte, NC. The School, through its affiliation with the NSF's Fiber and Film Engineering Research Center, (CAEFF), the International Center for Automotive Research (ICAR), the Center for Apparel Research (CAR), the Center for Optical Materials Science and Engineering Technology (COMSET) and the National Brick Research Center WRC), provides a unique opportunity for interdisciplinary research activities, career development and personal fulfillment.

All applications must be submitted electronically with the phrase "Vacancy # " in the subject line. Qualified applicants should send 1) a current vitae, 2) a concise statement (not to exceed three pages total) of research and teaching interests and philosophy, and 3) names and addresses of three references to Shelby Sheriff, Administrative Assistant to the Director, sshelby@clemson.edu. For an application to receive full consideration, it must be received by December 15, 2005.

Clemson University is an AA/EEO employer and does not discriminate against any person or group on the basis of age, color, disability, gender, national origin, race, religion, sexual orientation, or veteran's status.
