ORGANIC CHEMISTRY FACULTY POSITIONS
CLEMSON UNIVERSITY

The Department of Chemistry at Clemson University invites inquiries, nominations and applications for two tenure-track positions:

**Organic-Materials.** Candidates with research interests in Polymer, Organofluorine, Fluoropolymer, Materials and/or Biopolymer or related areas are encouraged to apply for this position. Synergy with established clusters of expertise focused on Advanced Materials and/or Biomaterials research is highly desired.

**Bio-Organic.** Candidates with research interests in Bioorganic, Medicinal Chemistry or related areas are encouraged to apply for this position.

Candidates for both positions must possess a Ph.D. degree in Chemistry or a related area and will be expected to teach organic chemistry at the undergraduate and graduate levels. One position is expected to be filled at the rank of Assistant Professor and the other at a more advanced rank, depending on experience and qualifications. Application materials, including a curriculum vitae, a brief description of the proposed research plan(s), teaching philosophy, and three letters of reference (pdf email preferred), should be sent to: (Organic-Materials) Professor Dennis Smith, or (Bio-Organic) Professor Dev Arya, Department of Chemistry, C/O Ms. Dani Lawson, Clemson University, Clemson, SC 29634-0973. Electronic submissions accepted at: dlawson@clemson.edu, TEL: 864/656-5017. Review of applications will begin October 15, 2005. Applications received by November 30, 2005 will be assured full consideration. The expected start date is August 2006.
