Clemson University Department of Food Science and Human Nutrition seeks applications and nominations for the newly created 12-month position of Associate/Full Professor with an Extension/Research (50%) and Teaching (50%) appointment. We seek an individual who will provide leadership for the development, implementation, evaluation and promotion of public service programs with a clinical focus on determining the influence of nutrition and/or physical activity on prevention and/or management of obesity.

The individual will complement a team of scientists and educators with a diverse range of expertise conducting basic, applied and translational obesity-related research to address issues of the people of South Carolina and the region. This individual will strengthen our position to be the statewide leader in the development of an Integrated Molecular Nutrition graduate program. This individual would be a strong collaborator within the biomedical emphasis area at Clemson and would be a primary interface with Public Health Sciences, Nursing, Cooperative Extension, SC Nutrition Research Consortium, the University of South Carolina, the Medical University of South Carolina, and other partners as appropriate.

Clemson University is located in the foothills of the Blue Ridge Mountains, on the shores of Lake Hartwell. Learn more about the university at: [www.clemson.edu](http://www.clemson.edu) The Department of Food Science and Human Nutrition (FSHN) at Clemson University provides the only Food Science program in South Carolina. Our faculty and staff possess a wide array of expertise in the Food Technology and Nutrition/Dietetics areas. We have approximately 105 undergraduate and 40 graduate student majors. Learn more about the department at: [www.clemson.edu/foodscience](http://www.clemson.edu/foodscience)

Candidates will have:

- Earned doctorate in nutrition or related health science. R.D. and postdoctoral experience preferred.
- Evidence of ability to develop an independent research program and secure external funding.
- Excellent interpersonal and communication skills, ability to work with others in a collegial team atmosphere.
- Ability to teach and mentor graduate and undergraduate students effectively
- Active membership in appropriate professional organizations.

Review of nominations and applications will begin on January 31, 2006, and will continue until a suitable candidate is found. All applicants must submit a letter of application, teaching philosophy, curriculum vitae, 2-3 reprints of research articles, and the names and contact information of three professional references to: Katherine L. Cason, Ph.D., R.D., Search Committee Chair, 207 Poole Agricultural Center, Clemson University, Clemson, SC 29634-0316, 864-656-0539, kcason@clemson.edu. Anticipated start date is July 1, 2006. Salary is competitive and negotiable.

Clemson University is an Affirmative Action Equal Opportunity Employer and does not discriminate against any individual on the basis of age, color, disability, gender, national origin, religion, sexual orientation or veteran status. Women and minority candidates are encouraged to apply.
